

## **Landscape Design Questionnaire to Stimulate Your Creative Vision**

- What are your needs/desires/priorities within your garden? What areas are you interested in developing?
- Do you entertain?
- Will you use the garden at night?
- Are you a gardener?
- Would you like a patio?
- Do you need walkways, walls?
- Are you thinking about other types of structures/construction?
- What kinds of materials do you admire?
- What kinds of plants do you like? Dislike? Are there any existing plants you'd like to keep or get rid of?
- Allergies to certain plants?
- Are privacy and screening a concern? How would you like to solve it—plantings? Fence?
- Any other concerns—too much sun or shade; noise?
- Are deer a problem?
- How is the drainage? Soil? Any site problems you are aware of?
- Think about color for a moment. Color is a large component of garden design. Do you have favorite colors or color combinations? Bright versus pastel? No flowers at all and just the green of different foliage combinations or colors in the foliage of the plants.?
- Do you need trees removed? Trees planted for shade?
- Do you need furniture? Containers? Garden ornaments?
- Do you have children?
- Do you have Pets?
- Will there need to be play areas?
- How about access?
- Is anyone in your home handicapped or aged?

Also, please have a copy of your survey/plot available, if you have one. This is usually with your final escrow papers. Please do not enlarge or reduce when copying as these surveys are to scale and we need to measure directly from the copy.
